

CALL FOR ABSTRACTS

It is a pleasure to warmly invite you and your colleagues to the **International Conference on Environment and Forest Conservation**. The conference is co-organized by the Mindanao State University (MSU) System and Kastamonu University (KU) in Turkey and will take place in Dakak Beach Resort in Dapitan City, Philippines on November 18-21, 2018.

ICEFC 2018 is open to scientists, academicians, practitioners, conservationists, students and individuals from the Philippines and all parts of the globe with researches and practices aligned to the theme: Ecosystem Research and Innovation for a Sustainable World.

Topics of interest are within, but not limited to, the four tracks, namely: forest conservation and management; environmental sciences; environmental engineering and environmental computing; and environmental education and governance, which will all explore new paradigms, frameworks, best practices, and possibilities that will help promote a sustainable world for humanity and the planet.

Submit your abstracts to: icefc2018@msu.edu.ph as attached document/s. For guidelines of abstract submission, visit <http://icefc2018.msu.edu.ph>
